VINEYARD

Premium grapes were first grown in Te Awanga at the beginning of last century. The warm coastal climate, gentle sea breezes and the shallow clay soils combine to produce award winning wines of great varietal flavour and finesse.

Autumn 2018 was a little unsettled but came at the end of an advanced growing season. Expert canopy management, including shoot thinning and leaf plucking, has ensured vine health, ideal flavours and clean, ripe fruit.

WINERY

Following harvest, the grapes were gently pressed to provide soft, concentrated, flavoursome juice without picking up any bitter characters from the skins. A cool ferment in tank preserved fruit character and some time on lees has helped produce a wine that is fragrant and plush. A portion was also fermented and aged in older oak barriques to contribute to texture and complexity. The wine was then blended, lightly fined and filtered to bottle.

TASTE

Ripe and nicely perfumed on the nose displaying white peach, pear and floral characters. The palate is immediately attractive with fruit intensity, a touch of sweetness, and a pleasant long finish. It's rounded, juicy and very tasty.
